South-Carolina GAZETTE.

Containing the freshest Advices, Foreign and Domestic.

BOSTON, October 7.

Wednesday last the Great and General Court or Assembly of this Province met here, to whom His Honour the Lieutenant-Governor was pleased to make the following SPEECH, viz.

Gent. of the Council and House of Representatives,

IT was my Intention further to have prorogued the General Assembly; but several Things have occurred which render it necessary for me to meet you at this Time.

We are still in an unsettled State with the Eastern *Indians*: Those of the *Norridgewock* Tribe, after returning the Treaty made with them and the other Tribes by my Commissioners at *Falmouth*, left their usual Place of Residence; and in all Probability have joined the St. *Francois Indians* in Acts of Hostility upon our Frontiers.

I was well satisfied from these Proceedings of the *Norridgewocks*, that they would not meet us at *St. George*'s, and I did not think it necessary for me to go down to attend the Conference which I had, at your Desire, appointed to be held there; but as there was room to hope that some of the *Penobscots* might be present, I tho't it convenient to send down Commissioners, a Copy of whose Instructions and Journal shall be laid before you; by which you will perceive, that a further and more general Conference may soon be expected; when I hope the Differences between us and the *St. Francis* and *Norridgewock Indians* may be accommodated, and the whole Tribe will be disposed to renew and confirm the Treaty made at *Falmouth* in the Year 1749.

I have lately received Advices from the Western Frontiers, that a considerable Number of *Indians* are come into *Stockbridge*, and are disposed to settle in this Province, to have their Children educated among the *English*, and instructed in the Principles of the Christian Religion. This is an Affair of great Importance; and I am very desirous that this Temper and Disposition in them should be cherished and cultivated, and I recommend it to you immediately to consider and determine what is necessary to be done by you for this Purpose.

You will find that you are disappointed in your Expectations of raising by a Lottery a Sum sufficient for the Supply of the Treasury. Many Persons who have been in the Service of the Government are great Sufferers; their Demands being of long standing: And the public Affairs must be very much embarassed, if speedy Care be not taken to prevent it.

I therefore desire you, *Gentlemen of the House of Representatives*, to consider of Ways and Means for raising Money for the Service of the Province: And I cannot help putting you in Mind, on this Occasion, how earnestly and repeatedly the House of Representatives of the last Year was urged both by me and by His Majesty's Council, to originate a Tax-Act: If such an Act had then passed, the Difficulties you are now under, would have been in a great Measure prevented.

Gent. of the Council and House of Representatives,

This being a busy Season of the Year, a long Session must be prejudicial to your private Affairs. If you will do what is necessary on your Part to expedite the Public Business, I will not be wanting on mine; and I will readily concur in any Thing you may offer for His Majesty's Service, and the Good of the Province.

S. PHIPS.

NEW-YORK, October 14.

The SPEECH *of His Excellency the Honorable* GEORGE CLINTON, *to the Council and General Assembly of this Province, on Tuesday the 8th Instant.*

Gentlemen of the Council, and Assembly,

I HAVE delayed calling you together till this time, that it might be more convenient for yourselves.

You know it is now necessary to provide for the support of his majesty's government in this province. I must, at the same time, earnestly recommend the payment of the debts, still due for past services, which remain unpaid. This is necessary, not only in justice to the creditors, but for preserving the public credit for the future.

The present state of the *Indian Affairs* deserve your most serious Attention. The *French* are more than common assiduous, in withdrawing the affections of the *Indians* from us, and in obstructing the *British* trade every where among them; for which purposes they are at a very great Expence.

There being no supplies granted, as was formerly usual, for employing proper persons in the care of *Indian Affairs*, Col. *Johnson*, (who for some years past has been so successful in that Service) has advanced a very considerable sum on the credit of the government: But he has since declared, that he cannot continue in this service, which is attended with considerable daily expence, as well as personal fatigue, unless proper allowances be made, to enable him to perform it.

From the Information which I have received, and which shall be communicated to you, it will appear necessary, not only to provide for the usual annual expence which attends the management of the *Indian Affairs*, and of sending smiths to reside among them, but likewise of sending proper persons to the more distant nations, to prevent the designs of the *French*, and removing any bad impressions they have made upon them.

The preserving the fidelity of the *Indians*, is evidently of such consequence to the future security and prosperity of this Province, that I need not add any thing more to draw your attention on this head.

Gentlemen of the General Assembly,

I must recommend to you, to give the necessary supplies for the services I have mentioned, And for the contingent expence that must at all times unavoidably attend the administration of government; and that in doing this, you will have that regard which is due to the directions in his majesty's commission and instruction to me.

Accounts of the public debts shall in proper time be laid before you.

Gentlemen of the Council, and Assembly,

It will give me the greatest pleasure, to join with you, in every thing for the benefit of the people under my care; and you may depend on my hearty concurrence with you, in any measures, for advancing the prosperity of this Province.

G. CLINTON.

To his Excellency the Honourable GEORGE CLINTON, *Captain General and Governor in Chief of the Province of New-York, and Territories thereon depending in America, Vice-Admiral of the same, and Admiral of the White Squadron of His Majesty's Fleet.*

The Humble *Address* of His Majesty's Council for the Province of New-York.

May it please your Excellency,

WE his majesty's most dutiful and loyal subjects, the members of the council for the province of *New-York*, most humbly thank your Excellency, for your speech, and your declaration of concurring heartily with us, in every thing for the benefit of the people of this province: We are truly sensible of your indulgence, in calling us together at a Time more convenient for ourselves.

Your excellency may rest assured, that our best endeavours shall not be wanting to support the honour of his majesty's government in this province, and in making your administration easy to you, that it may be an inducement to your excellency to continue long with us.

We are well apprised of what importance the securing the fidelity of the *Indians*, is to the British interest, and for the safety and prosperity of this province; and how much the intrigues of the *French*, at this time (if they should succeed) may be prejudicial; and that if measures be not speedily concerted, to avoid the dangers to which we are exposed, any remedy may afterwards come too late: Your excellency may therefore be assured, that we shall chearfully concur in such measures, as may most effectually attach the affection of the Indians to the crown of *Great-Britain*, and defeat the designs of those, who are at this time attempting to delude them to our prejudice.

We shall most chearfully and heartily assist your excellency, in your endeavours for promoting the prosperity of the people under your care.

By Order of the Council,

Cadwallader Colden, *Speaker.*

Council-Chamber, 9th Oct. 1751.

His Excellency's Answer.

Gentlemen,

I *Thank* ... *you give* ... *recommend* ... *Assistance, to the Welfare* ... *sensible Pleasure* ... *necessarily arise* ...

G. CLINTON.

To His Excellency the Honourable GEORGE CLINTON, *Captain-General, and Governor in Chief, of the Colony of* New-York *and Territories thereon depending in* America, *Vice-Admiral of the same, and Admiral of the White Squadron of His Majesty's Fleet.*

The Humble *ADDRESS* of the General Assembly of the said Colony.

May it please your Excellency,

WE his majesty's most dutiful and loyal subjects, the assembly of the colony of *New-York*, return your excellency our thanks, for your Speech.

We shall chearfully provide for the further support of his majesty's government in this Colony; and at the same time take effectual care, for the payment of all such debts as we shall find the colony justly chargeable with.

The preserving the fidelity of the *Indians*, is undoubtedly of great consequence to the security and prosperity of this colony; and we hoped, that about an expence of a *Thousand Pounds*, so lately provided by this colony, for those purposes, *[illegible]* would have been sufficient on such a [illegible], as might have rendered further supplies on that head, as yet unnecessary. We shall however, speedily consider the several particulars recommended in your excellency's speech, and do therein what shall be for his majesty's service, and the good of his loyal colony.

We beg leave to represent to you that our speaker, and [illegible] and how the whole province, that the [illegible] for the defence of [illegible] your excellency will be pleased to [illegible] that at the future, [illegible] our speaker, and [illegible] of the city as [illegible] hours shall [illegible]

By Order of the General Assembly,

By Letters to Antigua, Sept. 13. On Sunday the 5th inſtant we had the moſt violent hurricane that has been known ſince the memory of the oldeſt man living, which began at N. W. between 6 and 7 o'clock in the evening, and continued to blow (ſhifting gradually a point or two to the Southward of Eaſt) with the moſt ſhocking impetuoſity, till about 2 o'clock in the morning. The damage ſuſtained in town is great, but trifling compared to the loſſes they have received in all parts of the country.

Portſmouth, October 21. Capt. *Dunbar* who arrived here laſt week from *Ireland*, has left from *New-Caſtle* on *Delaware*, on the 26th of *September* laſt, in lat. 38. 40. long. 69. took up the crew of the brig *Endeavour*, Capt. *William Fox*, of *Lubec*, bound from *Muſſa* in *Italy* for *Weſtover* in *South-Carolina*, which veſſel was overſet on the 8th of *September*, in a very violent gale of wind; and no probability of her ever righting, the Captain and crew next day took to their boat, being 8 in number, in which they continued 8 days, when they were happily met with by Capt. *Duncan*, as above, and carried into *New-Caſtle*.

CHARLES-TOWN, *October* 30.

This being the anniverſary of his majeſty's birth day, was obſerv'd here with great ſolemnity. At noon the cannon in *Granville* and *Craven*'s baſtions and *Fort-Johnſon*, were fired, which were ſaluted by volleys of ſmall arms from a detachment of the three independent companies drawn up upon the *Bay*, which made a fine appearance in their new cloathing and accoutrements. The *Charles-Town* regiment of foot, commanded by Col. *Orſtdal Poale* went through their exerciſe, and the platoon and three-firing, to the ſatisfaction of all preſent. At night his excellency gave a ball to the ladies, and a grand entertainment to all the company in town.
